

Title: Revenue Analyst

Reports to: Controller

Company and Position Description

Array Technologies, Inc. is the global leader in solar tracking. Based in Albuquerque, New Mexico, USA, the Company is experiencing explosive growth built on our best-in-class technology and dynamic team. Array is seeking highly skilled, self-motivated people who want to accelerate adoption of clean and economic energy. If you meet these criteria, please consider the company that has been leading the solar energy revolution for nearly 30 years

Do you find fulfillment in knowing you are playing a critical financial role supporting a market-leading product? Array is currently seeking a Revenue Analyst to help take us to the next level of financial efficiency and optimization. In this position you will play a critical role in ensuring our growing operation remains on a steady track of growth on sound financial footing.

The Revenue Analyst will be a principal contributor to Array's long-term growth strategy by performing thorough analysis on a range of systems and trends that impact or may potentially affect the stability and continuing growth of the company. The position requires a hands-on, motivated professional with solid financial acumen and exceptional analytical skills. The position is full-time and exempt.

Duties and Responsibilities

- Analyze revenue and cost of sales for multiple contracts.
- Track job performance against detailed estimates.
- Analyze and explain variances to senior management.
- Partner with Program Management, Logistics and Supply Chain to ensure timely recognition of job cost and revenue.
- Calculate monthly revenue for financial reporting consistent with ASC 606.
- Complete other tasks as assigned in support of the Finance organization.

Required Knowledge, Skills, and Abilities

- The ideal candidate should have strong finance knowledge and analytical skills along with proven ability in financial analysis.
- Excellent verbal and written communication and presentation skills.
- Experience with integrated financial systems (SAP) preferred.
- Proficient at Microsoft Office (Excel, PowerPoint, Word) programs. Very strong Excel charting and graphics skill set.
- Self-motivated and self-directed, with a high sense of urgency.
- Available to work a wide range of hours to meet information and analysis request deadlines.

Education and Experience

- Bachelor's degree in accounting.
- 5-10 years of General Ledger experience.
- Previous public accounting or manufacturing industry experience is preferred.
- Previous experience with long-term contract accounting is preferred.
- SAP ERP / Accounting software experience is preferred.
